

## Feeding Our Fur Babies

Thanks to one of our long-time dedicated volunteers, Tamara Linde and her tireless efforts, we were fortunate enough to get a generous donation of **33,000 bags of food and treats** for our animals from **Blue Buffalo**. This amazing donation has helped us get through this last year and we were also able to share with many groups as well. It has saved us a lot of money this year on food bills.

This year we will need a bit more help as our supply has run down. This year's Thanksgiving Food Drive will be kicking off and hope you'll help us build our supply back up to go on helping more animals in need. Please consider donating early to our **Thanksgiving Food Drive**.

## A Nautical Tail

About three months ago, one of our wonderful volunteers, "K," was walking her dog in her neighborhood on City Island. During the walk, she saw one of her neighbors releasing a cat and three kittens outside. Never the shy one, "K" stopped and asked what was happening. Her neighbor replied that the cat and kittens had fleas and he could not take care of them. They would have to fend for themselves outside. Needless to say, "K" was appalled and ran home to get a carrier to try to catch them

before they left the area. Fortunately, they were still where she left them and was

able to get them all into her carrier together.

"K" was able to administer flea treatment and bring them to our clinic, where we were able to give them proper vet care. She named them for their City Island roots -- Marina (the mother cat) and her offspring Sailor, Captain and Hudson -- all very friendly!

Marina, Sailor and Captain have already been adopted to wonderful families. Little Hudson is still looking for his ship to sail into a perfect home. **Come meet Hudson today!** Open your hearts and your home to this adorable little man. [Fill out your app for Hudson today.](#)

## Saving Dogs from Hanam City Dog Meat Market

Thanks to the help and generosity of Wagging Tails Rescue founder Jamie Prospero (also a long-time friend of Pet Rescue), we've been able to expand our reach to rescue from the Korean Dog Meat Market. Meet our most recent rescues Tina, Zoe, Latte, Henry, and Ruby.

Fortunately for these dogs and others like them, Hanam City shut down the Moran dog meat traders and their farm. With help from the Korean animal rights group, Care, a temporary shelter was built onsite for the 200+ dogs. These poor dogs endured horrific conditions, including being raised and kept in filthy metal cages. The dogs were starving, sick, and living with corpses of their kennel mates who didn't survive. Thanks to friends of Wagging Tails and Pet Rescue, Ivy Yoon and her husband Pyo Kim, dogs Tina, Zoe, Blackie, Henry, and Ruby were able -- through a sponsorship from Jamie -- to be sent to us in the U.S.

Now these fur babies have a chance at a wonderful life.

**Latte**, a Jindo mix, is a gorgeous sweet girl who loves to run, and play with her toys. She also loves watching NatGeo and will try to "chase" animals on the tv screen. Blackie needs a little time warm up, but with a few treats and gentle scratches on her neck and she'll be your buddy in no time! She gives great kisses!

**Zoe**, a Jindo mix, is an athletic tomboy whose ready for a good game of fetch. Zoe is a little shy with people, but will warm up in no time.

**Henry**, a Pomeranian/Spitz mix, craves praise from his humans, and loves food! Always the smiler he loves to play with buddies. Henry was an amazing, happy and positive energy that he shares with everyone he meets.

**Tina**, a Pomeranian/spitz mix, is a party girl! She trots around with her head held high, full of energy and ready to play with dogs of all sizes. Tina loves attention, being held, and given nice belly rubs.

**Daisy**, a Jindo mix, craves your attention! She enjoys being held, and receiving belly and back pets. Daisy is a special girl as she has had multiple debarking surgeries, leaving her mute.
